

PE36 DOUBLE ELECTRIC HOTPLATE

DESCRIPTION

Our portable electric cooker PE36 features two non-stick cast iron plates that are very easy to clean: the 185 mm large one can generate a power of 1500 watts, ensuring perfect and fast cooking with all types of food; the smallest one has a diameter of 155mm with a power of 1000 watts and it is ideal for heating and keeping warm your food. Featuring two separated switching knob for maximum ease of use, this unit is equipped with 5-level temperature control, operating indicator for each plate and non-slip rubber feet that keep it stable and secure during use. Perfect for camping, ideal for buffets and outdoor dining, the electric double hotplate PE36 is also useful as an auxiliary cooker if you need an extra heat source in your kitchen.
