

CE01 JUICE EXTRACTOR

DESCRIPTION

With juice extractor CE01 is easy and convenient to enjoy a good homemade fruit and vegetable juice, fresh and natural. This unit combines the action of a powerful 400 watts motor which operates at two speeds, with the juicing effectiveness of the stainless steel micro-mesh filter with which it is easy to get a more nutritious juice and the more intense flavour. The feeding tube has features a large 65 mm inlet that allows you to enter comfortably all kinds of fruits and even the largest vegetables. The maximum security is guaranteed by the safety lock that prevents the unit to operate if the lid is not locked in position.
