

BL30 KETTLE

DESCRIPTION

Thanks to the excellent power of 1850 Watt, the electric kettle Girmi BL30 is able to boil water in a very few seconds; thanks to its 1.7 litres capacity, you can quickly prepare up to 10 cups of excellent tea in a minute. From cordless operation and equipped with a 360 degree swivel base that allows easy use with both hands, when it comes to boil water, this unit is much faster and convenient than a microwave and safer than a traditional cooking stove. Equipped with security system against overheating, BL30 will automatically turn off at end of the cycle and, thanks to its convenient stainless steel jug, you will be free to easily pour the water directly into the cup without dirtying other pans in the kitchen.
