

## BL20 KETTLE

### DESCRIPTION

If you are looking for a comfortable and easy to use kettle for tea and hot drinks, that will not let you lose your time in the kitchen, Girmi presents electric kettle BL20. Thanks to its 1850 watts power, this unit is able to bring the water to a boil in a few seconds so you can quickly prepare up to 10 cups of your favourite beverage and serve it directly at the table, without soiling other appliances in the kitchen! From cordless operation and equipped with a 360 degree swivel base that allows easy use with both hands, when it comes to boil water, the kettle turns out to be the right appliance: faster than a microwave and more secure and convenient the traditional stoves, our kettle BL20 is equipped with overheating protection and it turns off automatically at the end of the process, to always guarantee the maximum safety.
