

## BL40 ELECTRIC KETTLE

### DESCRIPTION

The electric kettle BL40 can easily heat the water faster than a microwave to prepare infusions, tea, herbal tea or dried coffee in less than 3 minutes. Featuring a backlit operation light and equipped with a 1.7 liter graduated glass jar, this kettle allows a convenient wireless use and thanks to its small size and innovative design, it can be left exposed on your countertop. The anti overheating system guarantees maximum safety during use, while the kettle turns off automatically once water reaches the boiling point. Thanks to the removable filter, the electric kettle BL40 is very convenient and easy to clean.
