

FE60 ELECTRIC OVEN WITH CONVECTION AND ROTISSERIE

DESCRIPTION

Thanks to the generous storage area of 60 litres combined with its 2000 watt power, the electric oven FE60 can cook two courses simultaneously in a short time: a side dish for 6-8 people and a good fish, or toasting bread and cooking at the same time pizza for all your family. Equipped with convection that provides the ability to cook evenly and quickly any kind of dish, this unit is equipped with rotisserie and features a 60-minute timer, internal light to keep an eye on your plates and an adjustable thermostat (100-230° C). 3 cooking functions are provided: standard cooking, grill to make crispy and roasting the best top of the dishes and standard & grill combined. To ensure maximum safety and excellent energy saving, the double glass is made to maintain a high thermal insulation, avoiding accidental burns and heat losses.
