

BL02 KETTLE

DESCRIPTION

The electric kettle BL02 is perfect for travellers: compact and powerful, it integrates the dual voltage option, making it the ideal solution when you are abroad. Due to its 900 watt power combined with a load capacity of 0.5 litres, this unit can boil water in a few seconds to quickly prepare up to 2-3 cups of your favourite hot beverage. This cordless kettle is faster than the microwave and more secure and convenient than your conventional hob: equipped with overheating protection system, it automatically turns off when the temperature is reached, to guarantee the maximum safety.
